(Verification codes are a new security feature added to VISA, MasterCard and Discover credit cards. For your protection, we ask for these codes to prevent unauthorized use of your credit card number. For VISA, MasterCard and Discover this 3-digit code is usually found on the back of your credit card in the signature field, where the code typically follows the last four digits of the credit card number. For American Express, it is a 4-digit code printed on the front of your card, just above and to the right of your credit card number.)

## **Please read below and sign**

I pledge that my company will do everything in its power to comply with all laws and regulations regarding the automotive and dismantling industry. If there is a law or regulation that is unjust, I will work with TARA and within the system to correct it. I will operate my business to make a profit. I will treat the public fairly in all dealings. I will work diligently to improve the image of the automotive dismantling industry and support fellow recyclers and TARA efforts. I understand and agree that this membership is not transferable, and any association sign, emblem or other insignia issued to me is done so on a lease basis while a member is in good standing.
